

MEDICAL DIVISION NEW PRO VIDEO

Since 1997, New Pro Video works side by side with the most famous Italian surgeons in the various specialties of medicine making, for them or for pharmaceutical companies: movies of interventions, surgical techniques, reconstructions in 3D graphics and/or computer simulations, DVD collection, satellite video links, ADSL, video streaming for meeting / convention LIVE SURGERY and much more.

Last but not least the new technique of shooting and post production for the creation of stereoscopic 3D video. Once the shooting work is accomplished, our company has got, since many years, NON-Linear post production systems in order to be able to cut the material shot directly in the study or in the structure that is more convenient to the doctor. In other words, we are going to the doctor to cut the video material. This is to allow the surgeon to not leave the hospital and their patients and, therefore, not to have time losses. Among the most important works carried out, New Pro Video, can boast of having organized the technical part, connections (satellite and terrestrial) and shooting for the World of Gynecology in Milan in 2000, organized by Professor Rodolfo Milani World Laparoscopy in Milan in 2002, organized by Professor Trabucchi and Dr. Castoldi and various videos made for all areas of medicine. From shooting the brain made with Dr. Giorgio Gabriele Bani - Neurosurgeon - for the achievements of various DVD, going to cardiac surgery with Prof. Mario Viganò at the Policlinico of Pavia to the first emi-liver transplant between living persons, realized at Ca' Granda Niguarda Hospital in Milan by Prof. Domenico Forti.

Other surgeons with whom we have worked are:

GYNECOLOGY - Prof. Bob Shull, Prof. Linda Cardozo, Prof. Rodolfo Milani, Prof. Francesco Catanzaro, Dr. Stefano Salvatore, Dr. Diego Riva, Prof. Carlo Barbanti, Dr. Maurizio Bologna

CARDIAC SURGERY: Prof. Gaetano Gargiulo, Prof. Mario Viganò, Dr. Piersilvio Gerometta

TRANSPLANT: Prof. Domenico Forti, Prof. Luciano de Carlis, Prof. Raffaele Puglisi

COSMETIC SURGERY: Prof. Maurizio Nava, Dr. Umberto Cortinovis

UROLOGY - Prof. Walter Artibani

GENERAL SURGERY: Prof. Giampiero Campanelli, Dr. Alessandro Repici

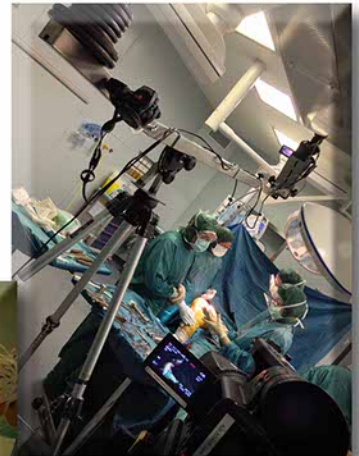

PNEUMOLOGY: Prof. Leonardo Fabbri

LAPAROSCOPY: Prof. Trabucchi, Prof. Giannantonio Farello, Dr. Marco Castoldi, Dr. Alvaro Bugatti

NEUROSURGERY: Dr. Giorgio Gabriele Bani, Dr. Andrea Landi, Dr. Marco Lanzetta

In addition to this we work with the following pharmaceutical companies:

BAXTER - BARD - SANOFI AVENTIS - JOHNSON & JOHNSON - TYCO HEALTHCARE - BOEHRINGER INGELHEIM - DISTREX - BIOMET
